

LYRICS

Every life deserves its chance to grow
Send your love to those that may not know
We're showing up in solidarity (yeah)
Lives transformed when shown their dignity (yeah)
There's a beat within our hearts that we all share

So walk with me
And turn the light on
Coz for love we have gotta take a stand
Walk with me!
And write a new song
Raise your voice so that others have a chance
Walk with me...
To the ends of the earth we'll go
So that everybody will know your love
Walk with me!

Every time we feel another's pain
We begin to distribute the weight
Giving of ourselves for others' sake
Is a vision of the love for which we're made
Cos there's a beat within our hearts that we all share
And the movement of our souls a common thread

So walk with me
And turn the light on
Coz for love we have gotta take a stand
Walk with me!
And write a new song
Raise your voice so that others have a chance
Walk with me...
To the ends of the earth we'll go
So that everybody will know your love
Walk with me!

(Vocal acrobatics) Ohhhhhhhhhhhhhhh...

So walk with me
And turn the light on
Coz for love we have gotta take a stand
Walk with me!
And write a new song
Raise your voice so that others have a chance
Walk with me...
To the ends of the earth we'll go
So that everybody will know your love
Walk with me!
